Dan, Zuma and Attitudinal Healing

Dan Comstock and Marie(Zuma) Osborne, husband and wife, have been involved in the work of Attitudinal Healing for over thirty years. They share the belief that personal healing is available when we let go of our fearful attitudes, that through forgiveness the love within each of us reveals itself and offers peace.

Dan and Zuma find ever-increasing levels of success as they apply the Principles of Attitudinal Healing in their daily lives. Both are trained facilitators and experienced leaders of Attitudinal Healing support groups. Through The Center for Attitudinal Healing and the Arts, they offer "Heart to Heart" support groups, individual peer support, as well as workshops and retreats.
